# INDEX

## VOL. XLII, 1949

*Note.*—In this volume two series of numbers are used for pagination, one being the sectional page number and the other the volume page number. The latter only is used in the Index.

- abdomen, crush injury (B. H. Page), 673
- abreaction, relation of cultural group techniques in to modern psychiatric methods (W. Sargant), 367
- abscess, paravertebral, rupture into pleural cavity (M. Albert), 275
- acanthosis nigricans (I. A. Roxburgh), 572
- accidents, prevention of (*Discussion*), 207
- acrodermatitis chronica atrophicans (S. Gold), 951
- acromegaly, radon transplantation for (D. W. C. Northfield), 845
- actinomycosis involving rectum and colon (V. Z. Cope), 763
- Adair, Frank E., the use of irradiation, surgery and hormones in breast cancer, 468
- Adams, A. W., glands in nephro-ureterectomy for tubercle (child) (*By title*), 556
- inclusion of intravenous extension in removal of hypernephroma (*By title*), 556
- tuberculous left epididymis, 916
- vesical diverticula (*Disc.*), 555
- Adams, W. Stirk, the aetiology of swimmers' exostoses of the external auditory canals and of associated changes in hearing, 424
- Addison's disease (R. I. S. Bayliss and R. Fraser), 259
- treated by adrenal grafting (A. Elton), 260
- adrenal insufficiency testing (F. T. G. Prunty), 267
- adrenocorticotrophin test for adrenal insufficiency (F. T. C. Prunty), 267
- Aidin, R., adrenal hyperplasia in the newborn (inter-renal syndrome) (*By title*), 918
- lung from infant showing pneumonia due to inhaled liquor amnii (*By title*), 918
- (with R. L. Bishton), pancreatic heterotopia, 917
- Aird, I., post-graduate medical education in the Services (*Disc.*) (*By title*), 944
- Albers-Schönberg disease (S. B. Dimson), 77
- Albert, M., rupture of tuberculous paravertebral abscess into pleural cavity, 275
- allergic conditions, antihistamine drugs in (H. O. Schild), 623
- Allison, V. D., food poisoning (*Disc.*), 216
- alloxan diabetes (R. D. Lawrence), 323
- Alston, J. M., leptospirosis (*Disc.*), 707
- amebiasis of intestine, granulomatous (R. W. Nevin), 769
- anesthesia in hypertension surgery (J. Gillies), 295
- (L. Morris), 298
- in thyroid surgery (E. S. Rowbotham), 115
- in United States and Canada (R. Jarman), 99
- pharmacological basis of (*Discussion*), 522
- therapeutic and diagnostic applications (R. Woolmer), 122
- anaesthetic responsibility (*Discussion*), 697
- analgesia, obstetric, self-administration of nitrous oxide—oxygen in (E. H. Seward), 745
- Andersen, D. H., the present diagnosis and therapy of cystic fibrosis of the pancreas, 25
- Anderson, D. S., sebocystomatosis (*By title*), 949
- (for R. T. Brain), epidermolysis bullosa dystrophica, 346
- Anderson, I. M., calcified intrathoracic tumour in an infant: ? dermoid cyst, see Dean, J.
- Anderson, J. C., rhabdomyosarcoma of the prostate (*By title*), 46
- Andrewes, C. H., the significance of strain differences in virus prophylaxis (*Disc.*), 519
- aneurysm, abdominal, and intermittent claudication (E. I. Jones), 515
- multiple, ? congenital (D. A. J. Williamson), 87
- traumatic (R. A. Gill), 672
- anginal pain due to glucose deficiency (A. Schott), 861
- angiography, cerebral (J. W. D. Bull), 880
- ankle, osteochondritis (E. T. Bailey), 279
- anorectal region, surgical anatomy (C. N. Morgan), 189
- Ansell, G., clinical use of radio-active iodine (*Disc.*), 968
- antihistamine drugs (*Discussion*), 615
- in allergic conditions, experimental evidence for use (H. O. Schild), 623
- in bronchial asthma (H. Herxheimer), 628
- in bronchospasm (R. West), 625
- quantitative comparison in man (W. A. Bain), 615
- anuria associated with pregnancy (*Discussion*), 375
- management of patient with (A. Miller), 801
- anus, rodent ulcer (G. Barry), 104
- aortic arch, congenital abnormalities (J. Apley), 918
- calcification as sign of syphilis (A. Elkeles), 867
- Apley, John, congenital anomalies of the aortic arch and its branches, 918
- Arden, G. P., generalized osteopetrosis, 95
- polyostotic fibrous dysplasia, 94
- spondylolisthesis with bilateral drop foot, 601
- Arden, L. D., the professional future of medical officers of the Fighting Forces (*Disc.*), 970
- Armed Forces, professional future of medical officers in (*Discussion*), 969
- Armstrong, C. N., radiotherapy in the treatment of pituitary basophilism and eosinophilism (*Disc.*) (*By title*), 860
- Armytage, V. B. G., see Green-Armytage, V. B.
- arthritis, chronic, radiographic appearances in (G. D. Steven), 354
- of wrist relieved by synovectomy (M. C. Wilkinson), 593
- vertebral, nerve root involvement (H. L. Hoffman), 575

- arthrodesis of wrist (D. M. Brooks), 838
- arthropathy, neuropathic, of knee-joint (W. E. Tucker), 600
- Arthure, H. G. E., vault-suspension, 388
- Arthurton, M. W. (for D. Levi), hemihypertrophy: ? haemangioma, 562
- Ashworth, H. K., anaesthetic responsibility (*Disc.*), 704
- asthma, bronchial, antihistamine drugs in (H. Herxheimer), 628
- atresia, oesophageal (R. H. R. Belsey), 915  
successful operation in three children (R. H. Franklin), 507
- Aubigné, Robert Merle d', see Merle d'Aubigné, Robert
- auditory canal, exostoses of in swimmers, aetiology (W. S. Adams), 424  
tests, recent developments (S. R. Silverman), 675
- auricular flutter in case of myocardial infarction (A. Schott), 184
- autoradiographs with radioactive iodine (I. Doniach and S. R. Pelc), 957
- Babbage, J. C., the professional future of medical officers of the Fighting Forces (*Disc.*), 970
- Bach, Francis, peripheral vascular diseases (*Disc.*), 353
- Badenoch, A. W., nephrocalcinosis (X-rays) (*By title*), 46
- Bailey, E. T., osteochondritis right talus, 279  
osteogenesis imperfecta in father and son, 278
- Bain, W. A., antihistamine drugs (*Disc.*): the quantitative comparison of histamine antagonists in man, 615
- balanitis xerotica obliterans (P. D. Samman), 948
- Ballantyne, A. J., multiple congenital anomalies of the eyes, 756
- Band, David, chronic retention of urine (*Disc.*), 992, 1004
- Bankart, A. S. Blundell, operative treatment of recurrent dislocation of the shoulder (*Film*) (*By title*), 490  
reconstructive surgery of the paralysed upper limb (*Disc.*), 843
- Barber, H. W. (*Disc.*), 343, 344, 347, 947  
periarteritis nodosa, 945  
urticaria pigmentosa (telangiectasia macularis eruptiva perstans), see Moynahan, E. J.
- barbiturate anaesthesia in small animals (G. C. Knight), 524
- Barclay, J. A., evaluation of renal clearances (*Disc.*), 477
- Barling, B., idiopathic ulcerative colitis with severe ulceration of the skin and peritonitis, see Leishman, A. G.  
multiple myelomatosis with remission following erysipelas, see Irwin, J. A.
- Barlow, D., the surgery of portal hypertension (*Disc.*), 445
- Barnes, J., emergency obstetrical service (the Flying Squad)—its use and abuse (*Disc.*), 6
- Barr, M., immunity responses in the young, with special reference to diphtheria (*Disc.*): immunization of young lambs, 404
- Barry, G., rodent ulcer of anus, 104
- basophilism, pituitary, radiotherapy in (F. Ellis), 853
- Bastow, J., manipulative treatment (*Disc.*), 417
- Batchelor, J. S., Charcot's disease affecting both knees and one hip, 98
- Batten, Lindsey W., toilet training in early childhood (*Disc.*), 908
- Baxter, J. S., the fetal kidney (*By title*), 918
- Bayliss, R. I. S., and Fraser, R., Addison's disease, 259
- Beauchamp, G., manipulative treatment (*Disc.*) 419
- Bell, A. Doyne, and Gray, A. S., planning a Paediatric Unit in an undergraduate teaching hospital (with a training school for nurses) (*Disc.*), 631
- Bell, J. G. Yates, pituitrin therapy in hydronephrosis, 541
- Belsey, R. H. R., oesophageal atresia and tracheo-oesophageal fistula, 915  
three children successfully operated upon for congenital atresia of the oesophagus with oesophago-tracheal fistula (*Disc.*), 511  
(with B. D. Corner), congenital hiatus hernia, 913  
(with A. V. Neale), oesophageal hiatus hernia, 913  
oesophageal hiatus hernia with ulceration of lower third of oesophagus, 911
- Benjafield, J. D. (*Disc.*), 946
- Benjamin, B., poliomyelitis—England and Wales (*Disc.*), 53
- Bennet, J., post-graduate medical education in the Services (*Disc.*), 944
- Bennett, A., the professional future of medical officers of the Fighting Forces (*Disc.*), 971
- Bentall, A. P., emergency obstetrical service (the Flying Squad)—its use and abuse (*Disc.*), 10  
the treatment of carcinoma of the vulva (*Disc.*) (*By title*), 754
- Bettley, F. Ray, see also Hicks, A. R. H. (*Disc.*), 135, 136  
case for diagnosis: ? angioendothelioma (*By title*), 949
- Bierer, I., large haemangioma of the placenta (*By title*), 746
- bile duct, cyst of (I. Lewis), 673  
papilla, tumour of (F. Forty), 862
- birth conditions and dental deformities (L. M. Clinch), 399  
injuries to brain after spontaneous delivery at full term (B. Brouwer), 603
- Bishop, P. M. F., treatment of undescended testicle (*Disc.*), 655  
(with A. G. G. Lewis), diagnostic tests in diabetes insipidus (*By title*), 968  
(with K. O. Rawlings), Paget's disease with signs of hyperparathyroidism: a case report (*By title*), 968  
(with A. N. Richards), effect of oestrogens on menstruation rhythm (*By title*), 968
- Bishton, R. L., and Aidin, R., pancreatic heterotopia, 917
- Black, D. A. K., evaluation of renal clearance (*Disc.*), 480
- Black, Wallace, fibrosarcoma of breast arising in a fibro-adenoma of pericanicular type (*By title*), 437

- bladder**, atonic (D. Innes Smith), 996  
 calcification of, in genito-urinary tuberculosis (A. Elkeles), 866  
 diverticula of (H. G. Hanley), 548  
 endometriosis of (J. B. Blaikley), 59
- Blaikley, J. B.**, endometriosis of the bladder: tumour arising in wolffian remnants, 59  
 endometrioma of the round ligament (*By title*), 64  
 the treatment of carcinoma of the vulva (*Disc.*), 752
- blindness**, ophthalmoplegia and sensory polyneuritis (D. J. Williams), 68
- Blomfield, L. B.**, peripheral vascular diseases (*Disc.*), 352
- blood** viscosity tests in rheumatic diseases (H. J. Gibson), 734
- Bloom, R.**, bilateral compound palmar ganglia, 96
- Blyth, C.**, emergency obstetrical service (the Flying Squad)—its use and abuse (*Disc.*), 10
- Bodian, M.**, Hirschsprung's disease (*Disc.*), 225
- Boland, E. R.**, post-graduate medical education in the Services (*Disc.*) (*By title*), 944
- bone**, metastatic deposits in, from cancer of prostate, treatment (E. W. Riches), 481  
 multiple cysts of, in extremities (E. M. Nanson), 186
- Borg-Petersen, C.**, leptospirosis (*Disc.*): experience in Denmark, 714, 720
- Borrie, P. F.** (with G. B. Mitchell-Heggs), acrodermatitis atrophicans chronica (*By title*), 138  
 fixed drug eruption (*By title*), 949  
 lichen planus, 949  
 ? scleroderma: ? morphæic atrophy of the skin (*By title*), 138
- Boucher, C. A.**, the prevention of accidents (*Disc.*), 213
- Boulton, M.**, dysgerminoma of ovary (*By title*), 746
- Bourne, L. B.**, colour vision in industry (*Disc.*), 150
- Bourne, W. A.** (*Disc.*), 868  
 and Wagstaff, J. K., familial hæmorrhagic telangiectasia (Rendu-Osler-Weber disease), 515  
 non-familial hæmorrhagic telangiectasia, 516
- Bowen's disease** (R. Hertz), 63
- Bowers, R. E.**, disseminated granuloma annulare (*By title*), 571
- Bowie, D. C.**, post-graduate medical education in the Services (*Disc.*), 937
- Bowley, Agatha**, toilet training in early childhood (*Disc.*): early attitudes to processes and products, 906, 907, 909
- Bowley, C. C.**, spontaneous double rupture of the uterus at 30 weeks pregnancy (*By title*), 746
- Bowman, W. V.**, therapeutic and diagnostic application of anaesthesia (*Disc.*), 134
- boxer**, mid-brain syndrome in (D. McAlpine and F. Page), 792
- Brain, R. T.** (*Disc.*), 141, 144, 346, 348, 948, 953  
 epidermolysis bullosa dystrophica, see Anderson, D. S.,  
 and Haber, H., lichen sclerosus et atrophicus, 949
- Brain, W. Russell** (*Disc.*), 792, 793
- Brain, W. Russell**, optic atrophy: diabetes insipidus: cause undetermined, 795
- brain**, angiography (J. W. D. Bull), 880  
 temporal lobe function studies (J. H. Rey, D. A. Pond and C. C. Evans), 891  
 traumatic changes after spontaneous delivery at full term (B. Brouwer), 603
- branchial** cyst in child of 4 (P. F. Jones), 674
- breast** cancer, treatment of (F. E. Adair), 468  
 tumour of long duration (R. A. Gill), 674
- Brennan, H. J.**, anaesthesia for thyroid surgery (*Disc.*), 120
- Brentnall, G. C.**, physometra associated with constriction ring (*By title*), 64
- Brews, R. Alan**, the treatment of carcinoma of the vulva (*Disc.*), 754
- Brierley, J. B.** (with E. J. Field), the retro-orbital tissues as a site of outflow of cerebrospinal fluid, 447  
 (with E. J. Field and J. M. Yoffey), passage of particulate matter from cranial sub-arachnoid space to the nose (*By title*), 918
- bronchial** asthma, antihistamine drugs in (H. Herxheimer), 628
- bronchospasm**, antihistamine drugs in (R. West), 625
- bronchus**, sarcoma of (I. Lewis), 673
- Brooke, B. N.**, congenital non-Meckelian diverticulum of ileum (*By title*), 437  
 diverticulosis of the appendix (*By title*), 437
- Brooks, Donald M.**, tendon transplantation in the forearm and arthrodesis of the wrist, 838
- Brooks, W. D. W.**, post-graduate medical education in the Services (*Disc.*), 941
- Broom, J. C.**, leptospirosis (*Disc.*), 718
- Broster, L. R.**, Addison's disease treated by adrenal grafting, see Elton, A.  
 treatment of undescended testicle (*Disc.*), 656
- Brouwer, B.**, traumatic changes in the brain after spontaneous delivery at full term, 603
- Brown, J. Burton**, see Burton-Brown, J.
- Brown, L. Graham**, the aetiology of swimmers' exostoses of the external auditory canals and of associated changes in hearing (*Disc.*), 425
- Browne, Denis J.**, Hirschsprung's disease (*Disc.*), 227  
 an operation for hypospadias, 466  
 treatment of undescended testicle, 643
- Bull, James W. D.**, a review of cerebral angiography, 880
- Bulleid, Arthur**, dental sepsis and chornic rheumatism (*Disc.*), 152
- Bunyan, John**, the prevention of accidents (*Disc.*), 214
- Burgess, P. G.**, the professional future of medical officers of the Fighting Forces (*Disc.*), 969
- Burkinshaw, John** (for C. W. Kesson), spasmus nutans, 562
- Burkitt, R. T.** (*Disc.*), 862
- burns**, prevention of (L. Colebrook), 209
- Burton-Brown, J.**, traumatic enlargement of the clitoris (*By title*), 746
- Butler, E. C. B.**, granulomata of the large intestine (*Disc.*), 768
- Buxton, St. J. D.**, fractured lunate bone replaced by plastic cast, see Trickey, E. L.

- Buxton, St. J. D.**, pathological fracture through a cyst of scapula, see Paxton, J. F.
- Cade, Sir Stanford**, post-graduate medical education in the Services (*Disc.*), 941
- Cairns, Sir Hugh**, and Taylor, Margaret, streptomycin in meningitis (*Disc.*): a review of the treatment of tuberculous meningitis with streptomycin, 155, 173
- calciferol** in treatment of psoriasis (T. Kindler), 140
- Cameron, G. R.**, the pharmacological basis of modern anaesthesia (*Disc.*), 526
- cancer** of breast, treatment (F. E. Adair), 468
- of lung (J. S. Fulton), 775
- of stomach, operative treatment (*Discussion*), 659
- of vulva, treatment (*Discussion*), 747
- research, morbid anatomist and (R. W. Scarff), 19
- team surgery in (Sir Harold Gillies), 176
- Cantlie, N.**, post-graduate medical education in the Services (*Disc.*) (*By title*), 944
- Capener, Norman**, reconstructive surgery of the paralysed upper limb (*Disc.*), 843
- cardiac** pain due to glucose deficiency (A. Schott), 861
- caries**, dental, hypotheses concerning aetiology of (G. J. Parfitt), 393
- in Norwegian children (G. Toverud), 249
- sterilization of dentine (J. L. Hardwick), 815
- Carlton, C. Hope**, post-graduate medical education in the Services (*Disc.*) (*By title*), 944
- Carmichael, E. A.** (with G. M. Shy), persistent rhythmic contractions of the ipsilateral pharynx, larynx, vocal cord, face and arm following trauma, 65
- Carver, J. H.**, bilateral testicular new growths: implantation of artificial testes (*By title*), 556
- cystic disease of the kidney in a baby aged 12 months (*By title*), 46
- innocent papilloma of the ureter (*By title*), 556
- vesical diverticula (*Disc.*), 554
- Cathie, I. A. B.**, streptomycin in meningitis (*Disc.*): clinical pathology, 172
- Catterall, R. C. F.**, Charcot's disease of the hip-joint, 92
- congenital deformity of wrists, 600
- end-results of amputation of great toe and first metatarsal, 92
- symmetrical talipes equino-varus in identical twins, 93
- Cawthorne, Terence**, "nerve" deafness: clinical criteria, old and new (*Disc.*), 540
- cerebral angiography** (J. W. D. Bull), 880
- changes, traumatic, after spontaneous delivery at full term (B. Brouwer), 603
- cerebrospinal fluid**, site of outflow in retro-orbital tissues (E. J. Field and J. B. Brierley), 447
- cervix**, cancer of (R. Hertz), 63
- Chamberlain, Digby**, the surgery of portal hypertension (*Disc.*), 445
- Charcot's arthropathy** of knee (W. E. Tucker), 600
- Charles, A. H.**, the artificial menopause, indications, technique and complications, 315
- children**, training in cleanliness (*Discussion*), 905
- Children's Unit**, planning of, in a teaching hospital (*Discussion*), 631
- Church, R. E.**, xanthoma tuberosum multiplex (introduced by C. H. Whittle), 347
- and Whittle, C. H., case for diagnosis: purpura (*By title*), 949
- circulation**, peripheral, disordered (*Discussion*), 349
- renal (*Film*) (K. J. Franklin), 477
- history of research on (K. J. Franklin), 721
- Clark, J. M. P.**, reconstructive surgery of the paralysed upper limb (*Disc.*), 843
- Clarke, G. H. V.** (for W. N. Goldsmith), ulceration of legs with ulcerative colitis (*By title*), 144
- claudication**, intermittent, and abdominal aneurysm (E. I. Jones), 515
- four cases (P. Martin), 513
- Clayton, Barbara E.**, and Marrain, G. F., the excretion of oestrogens during labour (*By title*), 968
- clearance** evaluation (*Discussion*), 475
- rate of plasma iodine as measure of thyroid activity (N. B. Myant and E. E. Pochin), 959
- Clinch, Lilah M.**, birth condition and dental deformities, 399
- celiac** disease in twins (B. D. Corner), 915
- Cohen, Sir Henry**, specialization—its value and abuse (*Disc.*), 1037
- Cohen, S. M.**, peripheral vascular diseases (*Disc.*), 353
- Coke, Harry**, the significance of pathological tests in rheumatic disease (*Disc.*), 743
- Colebrook, L.**, the prevention of accidents (*Disc.*), 209
- Coles, R. B.** (for M. S. Thomson), Senear-Usher syndrome, 344
- colitis**, idiopathic ulcerative (A. G. Leishman), 105
- Collins, D. H.**, the significance of pathological tests in rheumatic disease (*Disc.*), 731
- colon**, actinomycosis involving (V. Z. Cope), 763
- atresia (I. Lewis), 674
- colour** vision in industry (*Discussion*), 145
- Colson, Sir Henry**, post-graduate medical education in the Services (*Disc.*), 935
- Coltart, W. D.**, manipulative treatment (*Disc.*), 420
- reconstructive surgery of the paralysed upper limb (*Disc.*), 843
- contractions**, ipsilateral, of face, throat and arm following orbital injury (G. M. Shy and E. A. Carmichael), 65
- Conybeare, E. T.**, food poisoning (*Disc.*): administrative measures, 214
- Cook, G. T.**, poliomyelitis—England and Wales (*Disc.*): survey in the Oxford region, 52
- Cooke, R. V.**, and Corner, B. D., recurring left diaphragmatic hernia with intestinal obstruction by adhesions, 914
- Cooke, W. T.**, evaluation of renal clearances (*Disc.*), 480
- Cope, E.**, chorion carcinoma (*By title*), 746
- Cope, V.**, Zachary, granulomata of the large intestine (*Disc.*): actinomycosis involving the rectum and colon, 763
- Corner, Beryl D.**, Bristol quadruplets (*Film*) (*By title*), 922
- celiac disease in twins, 915

- Corner, Beryl D., demonstration of Neonatal Department, Southmead Hospital, 909  
and Belsey, R. H. R., congenital hiatus hernia, 913  
(with R. V. Cooke), recurring left diaphragmatic hernia with intestinal obstructions by adhesions, 914
- Corsi, H. (*Disc.*), 138  
Riehl's melanosis (*By title*), see Solomons, Bethel, jr.
- Coulter, J. S. L., post-graduate medical education in the Services (*Disc.*) (*By title*), 944
- Cox, R., diverticulum of urethra (*By title*), 46
- Crawford, T. G. B., the professional future of medical officers of the Fighting Forces (*Disc.*), 971
- Cridland, Nigel, colour vision in industry (*Disc.*), 150
- Crisp, E. J., manipulative treatment (*Disc.*): manipulation of the spine, 418
- Critchley, M., ? manganese intoxication, 66  
? peduncular hallucinosis, 67
- Crofton, W. M., the cause of diabetes (*Disc.*), 330
- Crohn's disease (G. Hadfield), 768
- Crooke, A. C., radiotherapy in the treatment of pituitary basophilism and eosinophilism (*Disc.*), 860
- Cross, W. G., penicillin in the treatment of dead teeth, 829
- crush injury of abdomen (B. H. Page), 673
- cryptorchidism, endocrine function of testicle in (H. Engberg), 652  
fertility in treated and in untreated cases (T. S. Hansen), 645  
treatment (D. J. Browne), 643
- Cullinan, E. R., chronic diarrhoea, excluding tropical causes (*Disc.*), 235
- Curle, Adam, toilet training in early childhood (*Disc.*), 905, 909
- Curtis, J. Bryant, a review of cerebral angiography (*Disc.*) (*By title*), 890
- Cushing's syndrome, radiotherapy in (F. Ellis), 853  
radon transplantation for (D. W. C. Northfield), 845
- "cyclist's bone" (I. H. Milner) (*Disc.*), 866
- cysts, multiple, of bones of extremities (E. M. Nanson), 186
- Daggett, W. I., the aetiology of swimmers' exostoses of the external auditory canals and of associated changes in hearing (*Disc.*), 425
- Daley, Sir Allen, "I remember" (*Pres. address*), 687
- Daly, G. L., sarcoma of the uterus (*By title*), 746
- Daniel, Peter M., streptomycin in meningitis (*Disc.*): gross morbid anatomy of the central nervous system of cases of tuberculous meningitis treated with streptomycin, 169
- Daniels, H. A., hernia through linea semilunaris, 673  
submaxillary tumour ("mixed" salivary), 673
- Darling, A. I., developmental abnormalities of the teeth in children (*By title*), 918
- Davies, O. V. Lloyd-, see Lloyd-Davies, O. V.
- Davies, P. I. Hywel-, see Hywel-Davies, P. I.
- Davis, E. D. D., "nerve" deafness: its clinical criteria, old and new (*Disc.*), 540  
the present position in the surgical treatment of carcinoma of the thoracic gullet (*Disc.*), 798
- Dawkins, C. J. Massey, anaesthesia for thyroid surgery (*Disc.*), 121
- Dawson, J. Euan, the significance of pathological tests in rheumatic disease (*Disc.*), 744
- deaf, rehabilitation of (R. S. Stevenson), 55
- deafness in swimmers, aetiology of (W. S. Adams), 424  
perceptive, causes (R. R. Simpson), 536  
clinical criteria (M. R. Dix, C. S. Hallpike and J. D. Hood), 527
- Dean, J. (for I. M. Anderson), calcified intra-thoracic tumour in an infant: ? dermoid cyst, 86
- Delay, Jean, pharmacological explorations of the personality: narco-analysis and methedrine shock, 491  
sur les explorations pharmacodynamiques en psychiatrie: narco-analyse et choc amphetamine, 492
- De Navasquez, S. J., the pathological features of cortical necrosis of the kidney and allied conditions associated with pregnancy (*Disc.*), 383
- Denmark, leptospirosis in (C. Borg-Petersen), 714
- dental caries, hypotheses concerning the aetiology of (G. J. Parfitt), 393  
in Norwegian children (G. Toverud), 249  
sterilization of dentine (J. L. Hardwick), 815  
deformities due to birth conditions (L. M. Clinch), 399  
malformations, diagnosis of (S. Friel), 33  
sepsis and chronic rheumatism (G. D. Kersley), 151
